## Dulles Calls for A Cease-Fire in the Far East

By MAX HARRELSON

UNITED NATIONS, N.Y. (AP)—Secretary of State Dulles declared today the Chinese Communist campaign against Formosa poses a grave threat, with ominous implications. He called for a prompt cease-fire.

Dulles made his comment in a major policy address before the U.N. General Assembly as that nation body opened general debate in its 13th regular session.

He expressed hope the talks now in progress in Warsaw between U.S. and Chinese Communist ambassadors would end the current crisis, but reserved the right to bring the problem to the U.N. if the talks appeared headed for failure.

Dulles charged that the Chinese Communist regime is now attempting to extend its authority to the offshore islands by the use of naked force.

"The issue is thus a simple one: Armed conquest," he said. "He said the current actions of the Peking government demonstrate again that Red China is not 'peace-loving'—a phrase used in the U.N. charter in defining requirements for membership in the world organization."

Dulles spoke a few hours before the Assembly's Steering Committee was to consider whether the U.N. should debate the question of seating Red China. The committee was expected to reject an Indian proposal for such a debate.

"We seek a prompt, sincere and equitable settlement which will eliminate provocations and leave for peaceful resolution the different claims and counter-claims that are involved," Dulles said of the Warsaw talks.

"If it seems that the bilateral talks between ambassadors are not going to succeed, the United States at the Assembly's afternoon session will speak at the Assembly's afternoon session."

Soviet Foreign Minister Andrei Gromyko was expected to speak at the Assembly's afternoon session.

In other world problems Dulles made these points:

Hungary and Germany — The United Nations cannot let itself be discouraged by the refusal of

## H. C. Bonds, 79, of Blevins, Dies Here Wednesday

H. C. Bonds, aged 79, a long-time resident of Hempstead County, died yesterday in a local hospital. He lived near Blevins.

Survivors include a son, Edward Bonds of Hope, and a daughter, Mrs. W. D. Merchant of Fort Scott, Kansas.

Funeral services will be held at 2:30 p. m. Friday at Marlboro Baptist Church by the Rev. A. C. Jones. Burial will be in Marlboro Cemetery.

## Showmanship Award Goes to G. Brown

A Hempstead County 4-H Club boy, Gilbert Brown, won the Showmanship award contest of the Junior Dairy Division of the 4 States Fair at Texarkana yesterday. The Texarkana Production Credit Association presented a handsome trophy to young Brown, son of Mr. and Mrs. Gilbert L. Brown of Spring Hill who operates a Grade "A" dairy.

Eight Jerseys shown by Gilbert were strong contenders for top honors in the Junior Dairy Division. Brown's Jersey was a 2nd year old cow, was first in her class and Reserve Champion in the Junior Division.

## Reds Tell of Threat From an American

LONDON (AP)—The Soviet Embassy in London said today it has received a letter from a man claiming to be an American pilot and threatening to drop an atomic bomb on the Soviet Union.

The letter also contained a threat to drop a hydrogen bomb on Poland, the Embassy said.

Earlier this year the Soviet Embassy said it received a letter from an American pilot threatening to drop a bomb in the North Sea off the English coast. But nothing happened.

## Steel Union Lines Up With Its President

By JOHN MOODY  
ATLANTIC CITY, N.J. (AP)—The United Steelworkers lined up behind their president today in an apparent united front for next year's contract talks with the basic steel industry.

David J. McDonald, whose leadership had been questioned openly for more than a year, appeared in firm control of the 1,200,000-member union now past the midway point of its ninth constitutional convention.

An opposing faction which polled almost a quarter of a million votes at the union's 1957 international officers election found itself with only about 15 of 3,600 delegates supporting it Wednesday.

In the first three days of the five-day convention, McDonald received an overwhelming vote of confidence and bent back on constitutional issues what now appears to be a small but highly vocal minority.

## Jet Battle Is Reported Over Quemoy Area

By FORREST EDWARDS  
TAIPEI, Formosa (AP)—Nationalist air force headquarters claimed its Sabrejets shot down five Communist MIG-17s and possibly a sixth in air battles over Quemoy today. A communiqué said all Nationalist planes returned to base safely.

The communiqué reported two aerial engagements in the late afternoon in which four Sabrejets took part against more than 30 MIGs. The Sabre jets were providing cover for Nationalist supply convoys when they became locked in the dog fighting.

Air force headquarters also claimed its Sabre jets sank three Communist torpedo boats and damaged a fourth in the Quemoy area.

The last previous encounter with MIGs took place Sept. 8, when the Nationalists claimed their jet fighters shot down seven Red planes and damaged two more near the mainland seaport of Swatow.

The American command on Formosa has indicated that U.S. jets will join in fighting off any Communist warplanes that try to prevent supply drops to the offshore islands.

## Alabama Negroes Seek to Use Park

MONTGOMERY, Ala. (AP)—In what may be the forerunner to a suit in federal court, Montgomery's City Commission Wednesday rejected a petition by 120 Negroes asking to use all-white city parks.

The commission again vowed that if necessary to prevent rioting, the parks would be closed. It refused to grant the Negroes a hearing on their request.

## Ford and Union Come to Terms to Set Pattern

DETROIT (AP)—The Ford Motor Co. looked hopefully forward today to a period of labor peace based on a new three-year agreement with the United Auto Workers Union. The pact is expected to set a pattern for the entire auto industry.

Ford and the UAW announced a settlement of their differences Wednesday several hours after some 90,000 workers walked off their jobs in Ford plants across the nation. The strike remained in effect at some plants, pending agreement on local problems.

With the Ford contract tucked in his pocket, UAW President Walter Reuther said he will now turn his attention to General Motors and Chrysler. He undoubtedly will ask for similar contract gains from the two firms.

Terms of the Ford pact, which must still be ratified and approved by UAW locals, bring an approximate 10 cent hourly pay boost for all workers, plus extra fringe benefits. The new average hourly rate is estimated at about \$2.52.

Reuther indicated he was optimistic over the chances of a settlement with the other two members of the industry's big three, but he made it clear the union would not hesitate to set a strike deadline if such action becomes necessary.

## Plans Complete for Training of Adults

Plans are virtually complete for the free adult salesmanship class slated to begin at the Hope High School, Monday night, Sept. 22 at 7:30 p.m. It was announced today by Teddy Jones, local office Manager of the Employment Security Division.

Twenty-two adults have enrolled for the course thus far and there is room for another eight to ten adults to complete the class, Mr. Jones said.

Mrs. Mary Nell Turner and Earl Downs, local high school instructors, who will be teachers of the class, indicated that the course has been approved by the State Department of Education. The Department is furnishing films for each session and additional training materials.

The Hope Retail Merchants Association today announced the subject matter to be covered in the course and the merchants who would be participants and instructors in presenting the practical side of the selling course. Those store managers who assist Mrs. Turner and Mr. Downs.

Five sessions of two hours each will be held covering the following sales fundamentals with the following merchants assigned to each topic:

1. Basic Knowledge Needed in Selling — A. C. Ball, Mgr. Morgan Lindsey; Jim Howell, Mgr., J. A. West Co.
2. The Pre Approach and the Approach in Selling — Mike Kelly, Mgr. and Owner, Ladies Specialty Shop.
3. Merchandising and Selling — Bill Caldwell, Mgr. Penney's; Corbin Foster, Owner and Mgr. Foster's Shoe Store.
4. Closing the Sale — Ben Owen, Owner Owen's Dept. Store.
5. The Mechanics of a Sale — E. N. Hall, Mgr. Chamber of Commerce; Jack Lowe, Mgr. and Co-owner, Hope Builders Supply Co.

The governor has a conference scheduled for late today with John Battle Jr., counsel for the Charlottesville School Board. He said he did not want to make any statement on the Charlottesville situation until after that.

Warren County officials looked to a meeting of the Parent-Teacher Assn. tonight for an indication of public sentiment.

In Norfolk, where schools closing is threatened, an attorney for the board said Hoffman would be asked for a stay of his integration order. If Hoffman denies it, the attorney said the board would appeal to the U.S. 4th Circuit Court of Appeals.

Hoffman prepared to rule on a motion in Norfolk that would allow the board to assign it Negroes to six white schools.

If the Negroes are assigned, six schools with an enrollment of some 10,000 pupils separately will not open as scheduled Monday.

One school—Warren County High at Front Royal with an enrollment of about 1,000—already has been closed under the state's anti-integration laws. Lane High and Venable Elementary in Charlottesville.

## Police Seize Moonshine Liquor

CITY POLICE raided the home of Sam Bishop, Negro, this morning and seized a total of 38 gallons of moonshine liquor and a case of beer. There were two 5-gallon kegs, two 10-gallon kegs, 14 gallon jugs and other containers. Bishop lives across the street from Verger school. Officers making the raid left to right: Rothwell, Willis, Shirley and Rowe.

## Virginia Not Ready to Close More Schools

RICHMOND, Va. (AP) Gov. J. Lindsay Almond Jr. indicated today he was ready to announce the closing of two Charlottesville schools.

He told a press conference he may also have an announcement on the Norfolk school situation later, noting that U.S. Dist. Judge Walter E. Hoffman is due to rule on the Norfolk case today.

But the governor would give no word on whether he expects Warren County's 1,000 pupil high school to remain closed for days or weeks.

"No one could pinpoint that, sir," he said, "I'm not a reporter's question."

## Nevada Co. Queen Contest Tonight 7:30

Nevada County Fair opened with a big parade yesterday and will continue the rest of this week. One of the highlights of the Fair will take place tonight with the selection of Miss Nevada County.

Entered are Carol Tipton, Willisville, daughter of Mr. and Mrs. J. D. Tipton; Ruth Ann Saunders, Emmet, R. L. daughter of Mr. and Mrs. John L. Saunders; Mary Jo Delaney, Gale, daughter of Mr. and Mrs. W. H. Delaney and Polly Graham, Emmet, R. L. daughter of Mr. and Mrs. Ritchie Graham. The contest is sponsored by the B&PW Club.

In yesterday's parade in the overall division, Willisville took first place, Southern Pine 2nd and B&PW 3rd in the school division. Willisville was first, Oak Grove 2nd and Gale 3rd.

## Another Missile Test Successful

CAPE CANAVERAL, Fla. (AP)—Another successful space test has been logged by the Army's Redstone, the nation's only operational ballistic missile.

The 63-foot Redstone, which reportedly twice exceeded nuclear warheads in the Pacific recently, roared aloft from the Cape Wednesday with a flash of orange flame.

The Army announced it was the 33rd successful Redstone launching in 36 tries since the missile first was fired in 1953, the most successful record of any ballistic missile to date.

The versatile Redstone provided the first stage power for the Jupiter to push three Explorer satellites into orbit and now is being considered as a launching vehicle for a multi-stage program.

## Denies School Corporation Faibus' Idea

LITTLE ROCK (AP)—The president of a corporation formed to operate Little Rock high schools on a private basis said today the plan was not suggested by Gov. E. Faibus.

Dr. T. J. Raney, county health officer, was named head of the organization in its first business meeting today.

He replied with an emphatic "no," when reporters asked if Faibus proposed the idea. Neither the governor nor his administration assistants have been in contact with the group, Raney said.

"We don't intend to settle this dispute," Raney said. "All we want to do is to open the schools and let the authorities fight it out."

Raney said the group will not act to put the plan into operation until after the special school referendum in Little Rock, Sept. 27. Citizens will vote then on whether they want the schools integrated or segregated.

Raney — in contrast to a statement by a woman member of the group — said officers have not yet decided whether the privately operated schools would admit Negroes.

Asked whether the six officers are segregationists, Raney replied, "Not that I know of."

He said "I don't know," when asked if he was a segregationist.

At the close of the first meeting, the group issued a statement saying it believes the schools would be accredited under the plan.

Meanwhile, the school board announced that television classes on a regular daily basis, will start Monday for students of the city's four closed high schools.

Leon Cullitt, attorney for the new Little Rock Private School Corporation, was present at the first meeting today. Reporters questioned him about the legal status of the plan. He said "I believe it's legal," he said.

## Faubus Says State Can Give School Grants

NEW YORK (AP)—Gov. Orval E. Faubus of Arkansas said today there are many precedents for government assistance to private schools, such as have been proposed in Arkansas to circumvent integration.

He cited federal grants to education for lunch programs and other assistance.

"If the federal government can do this, how can they prevent us from doing it?" he asked during an interview on the NBC-TV "Today" program from New York.

"There are thousands of private schools existing throughout the nation," he added. "Their right has never yet been denied by any court in the land."

If such a plan were put into effect in Arkansas, he was asked, did he not expect it to be contested in federal court by the federal government, private citizens or the National Assn. for the Advancement of Colored People?

"Perhaps," Faubus replied. "Any citizen has the right to take any matter into federal court if qualified to do so."

Little Rock citizens will vote Sept. 27 on the question of whether high schools will be integrated. Faubus was asked what would happen if voters turned down integration.

"We will need to find some means or method of opening schools under some plan or effort," he replied. "We can't afford to leave the students without a year of school."

He said that if the will of the people was for integration, he would abide by the decision.

He expressed belief the great majority of Arkansas people was against integration.

Reminded that the U.S. Supreme Court had ordered integration to proceed, Faubus quoted Abraham Lincoln as saying that the people themselves are masters of both the courts and Congress.

He said he thought sentiment throughout the nation was with the state on the question of state versus federal rights.

## Dulles Calls for

Continued From Page One

the Soviet Union to end the "brutal suppression of the Hungarian people" and by its refusal to help punish Germany.

Middle East—The United States is somewhat, but not wholly, reassured by the recent course of events in the Middle East. It is going ahead however, with the withdrawal of another contingent of U.S. forces from Lebanon. Further, the United States will discuss with the new government of President-elect Fawzi Chehab a specific schedule for early withdrawal of other U.S. forces as soon as Chehab takes office next week.

Propaganda—The United States hopes the Assembly will consider the possibility of establishing a monitoring system to report on inflammatory broadcasts in the Middle East. This was one of President Eisenhower's proposals placed before the recent emergency session of the Assembly, but not acted upon.

Pence Force—This was another Eisenhower proposal, but Dulles spelled it out more in detail. He suggested that the force would observe and patrol, but would not be equipped for combat. Its personnel would come from small countries and it would be directed by a small planning staff within the U.N. secretariat.

Dulles' speech was unusually mild. He concluded, however, by calling the Soviet Union and some other unidentified countries to task for flouting U.N. decisions and thus trying to set up double standards in the organization — on for themselves and one for others.

Even before the Dulles speech was read Peiping rejected any idea of an immediate cease-fire in the Formosa straits.

Peiping radio broadcast an article from the official Peiping People's Daily charging that negotiations to end the Quanyu shooting now underway between the U.S. and Red China ambassadors in Warsaw, was a plot to save the Nationalist-held offshore islands from capture by Red troops.

The United States was understood to feel that the U.N. should take up the Formosa crisis if the talks fail.

Dulles, whose general policy address shares top billing with a speech by Soviet Foreign Minister Andrei Gromyko, was slated to spell out how the United States stands on the Far East and other key issues.

Informants outlined these highlights of the Dulles speech:

1. Formosa—The United States considers the issue grave but opposes U.N. debate as long as there is any chance the U.S.-Red China talks in Warsaw might produce agreement.

2. Middle East—Dulles planned to refer to President Eisenhower's proposals before last month's emergency Assembly session, including creation of a U.N. standing force to curb an inflammatory propaganda and a program for economic development.

3. Hungary—Developments in the Soviet satellite since the last execution of former Premier Imre Nagy were expected to outline the Kremlin's position on these points when he goes before the 81-nation Assembly this afternoon. The Soviet press and radio already have sounded a call for U.N. action on the Formosa issue.

The United States and the Soviet Union are expected to cross swords when the Assembly's 21-nation Steering Committee debates whether to recommend Assembly consideration on sending Red China. The question got bogged down in discussion of other items Wednesday and it was postponed for 24 hours.

The committee overrode the usual Communist opposition and recommended 13-3, with neutralist Ceylon and Indonesia abstaining, to put discussion of repression in Hungary on the agenda.

Traditional French opposition to U.N. discussion of the Algerian rebellion, which France considers an internal affair, was overridden and the Algerian demand for independence was recommended for the agenda. France announced it will not take part in the discussion.

In all, 64 items were listed for the agenda. Among those recommended by general consent included South Africa's racial policies, international cooperation in outer space, ending nuclear weapons tests and the violence in Cyprus.

sume today.

A note of optimism came also from GM Vice President Louis G. Seaton, who commented on the Ford settlement.

"I would like to congratulate both parties for arriving at an accord. I know it took a lot of hard work. I see no reason why with hard work and sincerity of purpose around the bargaining table that at GM, too, our people cannot look forward to a long period of labor peace and stability."

John Bugas, Ford vice president who directed negotiations for the company, said he believed GM "will be delighted" with the settlement, and added:

"It is a solid contract. Our settlement with the UAW is not an excessive package."

In the package were included an eight cent basic hourly wage increase for some skilled workers, separation pay of up to \$3,000, increased retirement benefits, improvements in hospitalization, surgical and group insurance coverage, provisions for night shift differential, Saturday overtime and jury duty pay.

Bugas said it was up to the Ford board to decide whether the settlement would be reflected in higher car prices.

The settlement came after 30 hours of around the clock bargaining and after 93 days of contract talks between the UAW and the big three.

## Denies Schools

"I think it will stand up in court if the Federal government attacks it."

The plan, one of the corporation officers said, envisages operating the schools on a segregated basis, using state funds for students' tuition.

Negro leaders said the maneuver is not legal.

"When the schools open, be it under public or private guidance, Negro children will be there," said Mrs. L. C. Bates, Arkansas director of the National Assn. for the Advancement of Colored People (NAACP).

Supt. of Schools Virgil Blossom said today the new corporation has not yet approached him with the question of leasing the school buildings. Asked whether he favors it, he replied, "I don't think it matters whether I favor it. The decision is not mine to make."

He said, when asked if he would be willing to work with them, "That's impossible to answer. I don't know what they are trying to do."

Explaining the television educational program—probably unprecedented in scope—Blossom said students will be put on their honor to view the programs.

Each of the three Little Rock commercial television stations are giving two hours of free time daily to the project, he said. Half-hour periods of instruction have been mapped per subject. Each station has been assigned to one of the three grade levels in the high schools.

Subjects to be covered will be science, history, English and mathematics.

Blossom said the question of giving regular credits for the classes has not yet been decided.

Little Rock's four high schools—including a Negro school—are closed under a proclamation issued by Gov. Orval E. Faubus in a move to prevent integration.

Segregationists have looked to private operation of city schools as one maneuver to avoid Supreme Court rulings that public school segregation is unconstitutional.

The Justice Department in Washington had no immediate comment. But its attorneys are known to feel that a transfer of public schools to private operation can be successfully challenged in the courts if continued use of public tax money is involved, and if it can be shown that the conversion is only a device to avoid Supreme Court rulings.

lottesville, with a combined enrollment of 1,700, also face the threat of state closure Monday.

The Norfolk school board, under a federal desegregation order for 18 months, told Federal dist. Judge Walter E. Hoffman in August it was prepared to assign the 17 Negroes to the six white schools. An injunction granted by two justices of the Virginia Supreme Court of Appeals barred the board from assigning any pupils—white or Negro—to schools.

After a 2 1/2-hour hearing Wednesday night, Hoffman withheld until today a ruling on the board's request that he dissolve the injunction. But he indicated he would grant the request by marking the it is not only within his power but also his duty to do so if the injunction interferes with the execution of the desegregation order.

Chief Judge Simon E. Sobeloff of the 4th U.S. Circuit Court of Appeals declined Wednesday to stay a lower court order admitting 12 Negroes to two Charlottesville schools. The order is effective Monday, when the schools are scheduled to open.

A Story Hour each Saturday morning at 10 o'clock will be part of "Operation Library" to be conducted by the Hope Jaycees at the Hempstead County Library. Mrs. Raymond Clark will be in charge of the series of Story Hours which will begin in the next few weeks.

Plans for conducting "Operation Library" were discussed at the Jaycee meeting, Sept. 16, in the home of Mrs. Bob Cother. Mrs. Clark and Mrs. Fred Mathenia were co-hostesses.

A book, "The Split Cherry Tree" by Jess Stuart, was reviewed by Mrs. R. E. Jackson. Besides Mrs. Jackson, other guests were Mrs. Ray Hughes and Mrs. Tom Hancock. The hostesses served a sandwich plate and iced drinks to the members and their guests.

Mrs. Gilbert Fuller Hostess To 47 Friendship Club

Mrs. Gilbert Fuller was hostess to the 47 Friendship Club on Sept. 17. The meeting was opened with the group repeating the Lord's Prayer in unison. Mrs. John Wiggins read the 19th Chapter of Matthew, as the club is making a study of that book in the New Testament.

During the recreational hour, a game was played in which magazine ads were identified, though their trade names had been omitted. Mrs. Carter Sutton and Mrs. C. P. Wiggins tied for first place, each receiving a prize. Mrs. Bill Collins won the surprise package, and Mrs. John Wiggins received a gift from her secret pal.

The hostess served a sandwich plate and coffee or iced drinks to the club members and one guest, Mrs. Allie Wright.

## DOROTHY DIX

Faced With Problem  
What Would You Do?

Dear Dorothy Dix:

Until recently I always considered myself a pretty good wife and mother. Not long ago, however, I succumbed to a stupid affair that resulted in a pregnancy. Since my wonderful husband has always held me in such high esteem, I wouldn't dream of telling him that he isn't the father. I am faced with the awful decision of whether or not to tell the baby's father the truth. I am inclined because of the child's future to keep silent. I am joining my husband overseas in the next few weeks and it's very unlikely that I'll ever see the man again. W. A.

Dear W. A.: The hardest question in human relationships is "Should I tell or keep quiet?" and there is no perfect answer. One thing in this case is for sure, either you tell all parties concerned, or tell none. Here's another point for consideration: If you decide on silence, how much can you trust your own discretion? You may decide not to tell all now, then later change your mind. If this may be the case, spill it now. What do you readers think of a case like this? Would you vote for silence or confession? Please let me have your views, which will shed some light on this situation and other problems of other readers.

Dear Dorothy Dix:

How should I act when a boy whistles at me? — Elsie Bennett.

Dear E. B.: There are whistles and whistles. While there are unbecomingly better greetings, a questionable better acceptance among the young as a friendly "Hi!" To this kind you'd make a casually friendly response. Boys who use wolf whistles, however, deserve nothing but dead silence.

Dear Dorothy Dix:

My 18-year-old daughter has announced that she's going steady with a boy in her class. We have nothing against the youth, but they are both too young for a serious attachment. How can we break it up? — Mrs. T. U.

Dear Mrs. T. U.: Instead of adopting a "let's barge in and break this thing up" attitude, play it soft and smooth. Win the girl's confidence and respect instead of begging for antagonism. These youthful attachments play themselves out as rapidly as they begin. She'll have plenty more before she really flips her heart.

Dear Dorothy Dix:

My son is going with a woman who is nearer my age than his. She's a woman of considerable experience, having had one husband and several boy friends. My son acts like her trained puppy, does what she wants and goes where she goes. She's making him look

on, Hope.

Memorial Admitted: Mrs. Billy Joe Surls, Rt. 1 Washington; Ernest Booker, Rt. 2, Hope; Mrs. Luther Smith, Washington; Henry Dudley, Rt. 1, Hope; J. R. Foster, Rt. 1, Lewisville; Mrs. Oscar Niemeyer, Prescott; Luther Charles Washington, Hope.

Discharged: Mrs. Leon Davis, Hope; J. D. Langston, Rt. 1, Emmet; Olen Purle, Rt. 1, Emmet; Mrs. Olen Purle, Rt. 1, Emmet; Frank Delaney, Columbus; Miss Thelma Thrash, Hope; Mrs. William E. Cassin, Rt. 1, Hope; Odessa Turner and baby boy, Fulton; Mrs. John C. Griffin and baby boy Columbus; Dr. Emmett Thompson Hope; Lee Norton, Rt. 4, Hope; Mrs. Wallace Cook, Hope; Parrish Placher, Rt. 2, Hope; Mrs. Mary May, Rt. 2, Rosston; Mrs. Earl Lester, Hope; Mrs. Roy Taylor, Hope; Mrs. George Wylie, Hope; Henry Dudley, Rt. 1, Hope.

Mr. and Mrs. Billy Joe Surls of Rt. 1, Washington, announce the arrival of a baby girl, born Sept. 17, 1938.

## Central High Graduate to Michigan State

DETROIT (AP)—Ernest Green is a celebrity of sorts, but he doesn't want to be.

The tall, lanky 17-year-old is the first Negro graduate of Central High School in Little Rock, Ark. As such, he'll be one of the most talked about freshmen to enroll next week at Michigan State University.

"But I don't want to be singled out from the rest of the class," he said. "I want to become a normal student."

Green came to Detroit this week for a visit with relatives before taking up his studies in East Lansing. He spent the summer in New York, working on the office staff of Local 99, the International

Ladies Garment Workers Union. He was graduated last May from Central High, scores of many racial disorders, and won a tuition scholarship to MSU on the strength of a "B" average.

"I wanted to go to a northern college in the fall, not too far from home," he said. "I chose Michigan State because it's known as a progressive, moving school. It's waiting between a career in law or science."

Green said he met several MSU students during the summer, including George Miller of Helena, Ark., and expects to renew the acquaintances.

After traveling through Chicago, Cleveland, New York and Detroit, he said, "I like the way people get along up here."

But he added: "Arkansas was noted as being one of the progressive states in the south before Little Rock. The public libraries, the bus and other transportation systems already had been integrated."

Green contended out of state groups touched off racial disturbances in Little Rock, but declined to say which ones.

"Actually, I wasn't subjected to any physical harassment at all," he said. "There was plenty of verbal harassment, but it came from the lower grades, not members of my own class."

Green's mother is a first grade teacher in Little Rock and his aunt is a counselor at Little Rock High School there.

## Magnolia Gridders to U. of Missouri

COLUMBIA, Mo. (AP)—Fifty freshmen football scholarship winners report for practice today, including outstanding high school players from Missouri, Illinois, Michigan, Arkansas, Mississippi and Arizona.

Out of state players included included Ray Woodward and J. D. Williams, both of Magnolia, Ark.

Green contended out of state groups touched off racial disturbances in Little Rock, but declined to say which ones.

"Actually, I wasn't subjected to any physical harassment at all," he said. "There was plenty of verbal harassment, but it came from the lower grades, not members of my own class."

## California to Decide a Touchy Issue

By JOHN MORGANTHALER

SACRAMENTO, Calif. (AP)—California will try again to settle a hot religious question at the polls this November. It'll be the second attempt in six years.

The question: Should parochial schools be exempt from property taxes.

In 1952 the voters said "Yes" by a margin of less than 1 percent.

This year the question is the same, but the setting is different. Nearly a million more voters have been added.

As in 1952, practically every politician—including the two candidates for governor—is on record for tax exemption. Any other position would alienate the Roman Catholic vote.

Opponents of tax exemption forced it to popular decision in 1952 after the legislature approved the exemption 108-3. After the people narrowly approved it, opponents carried the fight to the U.S. Supreme Court but lost there also. Now they're trying again.

Opponents deny they are anti-Catholic. They say they oppose state subsidy of any sect.

"Shut flood gates to parochial school expansion at your expense," reads their argument in

printed booklets distributed to all voters.

California has 1,070 elementary and high schools which would be affected. Of the total 645 are Catholic, 380 are Protestant, 4 are Jewish, and 39 are nonsectarian.

The Catholic schools have an enrollment of more than 270,000, more than 80 per cent of the private school total, and about 8 per cent of the state's total school enrollment.

Although California was opened to white settlement by Catholic missionaries in the 18th Century, it is now more strongly Protestant statistically than the nation as a whole.

There are 2,377,037 Catholics in the state, or about one out of every five persons. The national rate is more than one out of four.

How much in taxes is involved? State Controller Robert C. Kirkwood said it would have been less than 1 million dollars in 1956-57. And he said it would have cost the state 110 million dollars to educate these parochial pupils.

But opponents say the assessed value of private school property has grown from 14 million to 54 million dollars since 1953. They argue taxes just as on all other privately owned property.

Halfback Bill Fulbright—now U.S. Senator—led Arkansas to a 9-0 victory over SMU in the University of Arkansas' first homecoming game in 1922.

## News Briefs

LITTLE ROCK (AP)—Dedication of a \$233,333 rehabilitation facility for the mentally ill, located at the Little Rock unit of the State Hospital, has been set for 2 p.m. tomorrow.

BENTON, Ark. (AP)—Charles Ellis, alias Jack Doss Larue, 27, was returned to jail here yesterday after being fingerprinted and photographed by State Police at Little Rock, to await trial for the slaying of A. Z. Cromwell, 43, of El Paso, Tex. Cromwell's bullet-pierced body was found in a roadside ditch near here Aug. 27.

HOT SPRINGS, Ark. (AP)—The old Eastman Hotel, built about 70 years ago, will be razed to make room for a new federal building and post office. It was announced yesterday. Postmaster Paul Francis said the General Service Administration had notified him a contract for the razing will be let this month and work will start about Oct. 1.

MANILA (AP)—Mary Johnston Hospital physicians have reported the death of three patients apparently from encephalitis, known as "sleeping sickness." In Korea, Formosa and Japan some 2,000 deaths have been reported from the disease.

MONTREAL (AP)—Mama and Papa Dionne made plans today for the baptism of the first child born to one of their famous quintuplets.

FINE IDEA—In Concord, N.H., Motorist Carol Barbour demonstrates a new method of paying parking fines. She drops a fine envelope, containing the money, into the special "fine box." The system is aimed at reducing court time and expense in handling traffic violations.

## Plane Overruns Runway, Pilot Is Killed

HARRISON, Ark. (AP)—A light plane piloted by a Missouri man overshot a runway at the Harrison Airport, stalled and crashed in a nearby wooded area last night. The pilot was killed.

Dead is Floyd Fountain Coleman, 46, of Lemay, Mo., a native of Bono, Ark., and former resident of Jonesboro.

Coleman was employed by a St. Louis automobile sales agency. The reason for his trip to Arkansas was not determined immediately.

Two men sitting in a private plane on the runway saw the plane attempt a landing, pull up and go into a stall and plunge toward the ground.

About 200 officers and volunteers searched for more than two hours before the wreckage and the body were discovered about half a mile from the airport. The plane was demolished but the wreckage did not catch fire.

Coleman's body was lying near the debris and officers said apparently he was killed instantly.

Coleman was born at Bono and his family moved to Jonesboro when he was a child. He was a basketball star at Jonesboro High School in the early 1930s.

He made an unsuccessful race for sheriff of Craighead County in 1945.

Coleman was in the automobile business at Jonesboro after World War II and moved to Lemay about 10 years ago.

Survivors include his widow, Mrs. Lois Kirskey Coleman, formerly of Jonesboro, their son, Floyd Dean, and Coleman's stepson, Pat McCarthy, all of Lemay; his mother, Mrs. J. T. White, and a sister, Mrs. Stanley Keller, both of Jonesboro.

The body was taken to a Jonesboro funeral home last night. Funeral arrangements were incomplete pending the arrival of members of the family from Lemay.

Nationalist supply drops to the besieged offshore islands.

So far the Chinese Communists have made no attempt to attack Nationalist C46 cargo planes parachuting supplies to Little Quemoy Island. Two more drops were made without incident Wednesday, the Nationalist Defense Ministry said.

American fighters flew high over the Formosa Strait off Little Quemoy while the drops were made, ready to swoop down on any Communist MIG fighters that might attack the cargo planes, a U.S. spokesman said.

The U.S. jets did not fly directly over the outpost, islands in order to "avoid provocative action," the spokesman added.

He called the American planes far superior to the MIGs which Red China has concentrated on mainland airfields in the Quemoy area. The Nationalist air force presently has available for combat only U.S. planes of older types.

However, Nationalist pilots are now training in six super-sound F100F Super Sabre jet fighters. AP correspondent James Cary reported from an air base in southern Formosa. The first group of pilots is expected to be checked out in the planes within six weeks and then will begin training a full squadron of F100 pilots.

The date when the nationalists will have a full wing of Super Sabres is a guarded secret, but conversely to the never aircraft is on a rush basis, Cary reported.

Col. James H. Harkness of Loraline, Tex., commands the American instructors at the base. The Communists continued their bombardment of the Quemoy Islands which has hampered Nationalist efforts to supply them by sea. In order to supplement the sea route, a massive air drop on big Quemoy is expected by many observers in Taipei.

Two more Nationalist LST's reached Quemoy at noon, unloaded their supplies and withdrew safely, the Defense Ministry said.

## No American Pilot Involved in Battle

By FORREST EDWARDS

KARACHI, Pakistan (AP)—The world-famous pilot Charles Bane arrived in Karachi at 10 a.m. today.

LONDON (AP)—Premier Nikita Khrushchev says the Soviet policy is to see that "no imperialist boot should trample the soil" of the United Arab Republic, Moscow radio said today.

"We do not conceal our interest in the affairs of the United Arab Republic," Khrushchev said. "The only thing we want is that friendship between our countries should grow."

The broadcast, quoting from an article in the government paper Izvestia, said economic and cultural cooperation between the Soviet Union and the U.A.R. is gaining.

TAIPEI, Formosa (AP)—The American command on Formosa indicated today U.S. jet fighters will attack any Chinese Communist warplanes that try to prevent

ordered all ships to avoid Formosa Strait. Nearly all other shipping companies have issued similar orders.

DUNKERQUE, France (AP)—Communist demonstrators Tuesday night prevented war-premier Paul Reynaud from delivering a campaign speech in favor of the new constitution proposed by Gen. Charles de Gaulle. The demonstrators created such an uproar that police had to empty the hall. There were no casualties.

MADISONVILLE, Ky. (AP)—A 44-year-old Negro drew a five-day jail sentence and a \$25 fine for breach of peace charges stemming from a disturbance at a newly integrated school.

A six-man jury convicted Harvey Lee Hayden Tuesday. He was accused of threatening a white woman with a knife when she and several other women attempted to keep four Negro pupils from entering school last Wednesday.

Hayden, who had taken the Negroes to school by car, said he would appeal.

## The Winning Essay on the Constitution

Editor's Note: In observance of Constitution Week, Sept. 12-25, history students have written essays on "What the Constitution Means to Me." The essay contest is sponsored annually by the Daughters of the American Revolution. This year first place was awarded to the following essay written by Teddy Jones, Jr.

In this author's opinion the Constitution of the United States of America is the basic and most essential document of this nation of ours. It is the foundation, even the keystone, of our democracy.

This great document was written and approved by the greatest and most learned men of the time in which it was written. These men were steeped in the philosophy of Plato, Aristotle, Socrates, and all of the great masters of government and human relations.

Among these were men such as Benjamin Franklin, George Washington and Thomas Jefferson; men

who gave their knowledge, integrity and even their lives unto it's willing.

Within this writing are the powers of the United States government. These powers are outlined in relation to the three branches of government — Executive, Legislative and Judicial. This section of the constitution provides for an honest, democratic form of government that is fair to all citizens of our country.

Also outlined in the constitution are the powers of our nation's executive officer. A smooth, well-coordinated government is provided for, with no friction among the three branches of our government.

Another essential part of the constitution, in which great foresight was seen in planning, is the section on states rights. The states have clearly defined powers that are not to be trod upon by the central power.

Perhaps the part of the constitution that benefits the individual citizen most is the first ten amendments, sometimes referred to as the Bill of Rights.

In these laws are found the foundations of the freedoms which American people are privileged to have. Our famous freedoms such as, speech, religion, press, trial by jury, and all others which we are

MEMPHIS, Tenn. (AP) — Fred L. Pardee of Little Rock was elected Sovereign Grand Master yesterday by delegates to the Sovereign Grand Lodge meeting of the Independent Order of Odd Fellows here. Pardee and other officers will be installed today.

PARIS (AP) — Four Algerian terrorists led to set off a major explosion in one of the capital's main gasworks Tuesday night. The explosion ripped open a big pipe. A resulting fire was promptly extinguished. Experts said an explosion of the tank could have turned part of Paris' suburbs into ruins.

NEWPORT, R.I. (AP) — James C. Hagerty, White House press secretary, said today he still has no information indicating whether so fortunate to enjoy, are all found in our constitution.

This document was set up for the interests and protection of the people. Every conscientious American should read, study and know every phase of his constitution. In knowing your constitution a person knows his democratic rights and realizes how lucky he is to be an American.

man Adams either will quit or be fired as President Eisenhower's chief aide. Hagerty made the statement at Eisenhower's vacation headquarters in reply to questions about published reports that the resignation of Adams, under hot new fire in the Bernad Galtine case, is imminent.

### GOPs Hopeful in Wisconsin Senate Race

By JACK BELL

WASHINGTON (AP) — Republican strategists apparently have decided their best chance of defeating a Democratic senator lies in an all-out effort against Sen. William Proxmire in Wisconsin.

Field reports to the Republican Senatorial Campaign Committee have pictured Proxmire as the most vulnerable of 15 Democratic senators whose seats are at stake in November. Proxmire was elected last year after GOP Sen. Joseph R. McCarthy died.

Although the Republicans are reluctant to talk about it, their surveys are said to show no other contest giving their party what they regard as an even chance of picking up a seat from the Democrats.

Since they already have lost one seat in Maine, the GOP campaigns would have to hold the remaining 20 they have at stake and gain two others to be in a position to control the new Senate. In such circumstances they could do this with Vice President Nixon's tie-breaking vote.

Democrats outnumbered Republicans 49-47 before GOP Sen. Frederick C. Payson was beaten in Maine.

Republican hopes of defeating Proxmire rest in uniting party strength behind Roland J. Steinbo, their nominee, in a state that ordinarily is counted in the GOP column.

The Republicans have been perked up somewhat by canvasses

### State Harvest Slowed by Rains

LITTLE ROCK (AP) — Arkansas' already late fall harvest season was interrupted by recent rains just as it was getting started, the federal-state Crop Reporting Service said today.

The agency, in its weekly report, said the added soil moisture will help late cotton in dry areas but added:

"There is considerable concern over boll rot in parts of east central and southeast Arkansas where rainfall was excessive."

Rains of the past week have helped the soybean crop greatly, the Crop Reporting Service said. The soybean harvest is expected to begin soon.

A small amount of early rice has been combined and good yields are reported. Cool weather has slowed maturity in some instances.

Seeding of oats and other small grains was speeded as a result of the rains.

The early corn crop is reported excellent in most areas.

elsewhere. These indicate to them that some of the seeds they now hold may not be in as much danger as they believed after Payne went down in Maine.

Privately Republican lieutenants say they regard only six GOP seats as certain safe-ones in Nebraska, Ohio, North Dakota, Delaware, Wyoming and Vermont.

They are only a little less certain, however, about Utah and Nevada. They are frankly worried about Indiana.

Reports from field workers indicate that GOP prospects have been looking up recently in Arizona, California, Connecticut, New Jersey, New York, Maryland, Minnesota, Pennsylvania and in West Virginia, where two GOP places are being contested.

There has been no such cheering news, however, from Michigan, where GOP Sen. Charles E. Potter apparently is fighting a tough uphill battle.

Republican hopes of holding on to the seat Sen. Irving M. Preiss is vacating in New York have been raised by nomination of Nelson Rockefeller as the party's candidate for governor, as well as the choice of Rep. Kenneth B. Keating as nominee for the Senate.

## Broyle Hopeful After the Best Porker Practice

FAVETTEVILLE, Ark. (AP)—The University of Arkansas basketball team yesterday ran through what Coach Frank Broyle called "the best offensive practice since I've been in Arkansas."

Broyle said another encouraging thing was the punting of half back Jim Monty of El Dorado and end Leslie Letinger of Big Spring, Tex.

The kicking situation is the Porkers' weakest point, the Arkansas coach said. "We've come a long way but our kicking is still not up to expectations."

Broyle said the team's strongest point was defense against deep passes.

The punter has been depending on quarterback Jim Munroe of Texarkana, Tex., who has been bothered by a sprained right ankle and Broyle said he will not kick in the game against Baylor Little Rock Saturday.

The Hogs ran through a light workout yesterday with contact and emphasis on play assignments. They will hold a shorter, than-usual hour and a half practice today in their last day here before the Baylor game.

Tomorrow the squad will practice at Hot Springs High School stadium. They will go to Little Rock about two hours before game time at 8 p. m. Saturday.

## To Further Delay Opening of Bids

LITTLE ROCK (AP)—The Arkansas Highway Commission has decided that bids on all construction projects will be opened three weeks after notices of the jobs are published. Formerly the time was two weeks.

At a meeting yesterday, the commission said the Arkansas Chapter of the Associated General Contractors asked for the longer period in order to obtain additional time for studying the projects.

The commission awarded contracts on 13 road and bridge jobs in 13 counties. Total cost of the projects was \$1,840,270.65.

In other action, the commission: Programmed 33 miles of Millum Act roads in Sebastian, Calhoun, White, Conway, Chicot and Pope Counties at a total cost of \$52,000.

Programmed 1.61 miles of street improvements on the Arkansas State College campus at Jonesboro at a cost of \$3,200.

Programmed the widening of about 1,720 feet of state Highways 38 and 149 at Hughes at a cost of \$715.

## Expect Tigers Will Change Pilots Again

By ED WILKS  
Associated Press Sports Writer

Detroit is third in American League standings, but they're still the tail-end Tigers, waiting until the penultimate is gone before making a season-end sprint for a share of the World Series loot.

It's an old habit with the Tigers. And it has cost two managers—Bucky Harris and Jack Tighe—their jobs.

In 1956, the Tigers roared through the last weeks and finished fifth.

The Tigers finished fourth in 1957, but they had to win on the final day to do it.

When their 1958 start indicated something worse, Tighe was ousted and Bill Norman took over an eighth-place club June 10.

The Tigers moved into third last weekend and built a two-game hold on the spot with a 5-2 victory over the Yankees Wednesday. It was their sixth straight win. Again the Tigers are the only team to beat the champs for the season.

Boston stayed tied for fourth with idle Cleveland by splitting a double-header at Kansas City. The A's won the opener 6-3, then lost 4-2. Rain postponed Baltimore's game at Chicago.

In the National League, St. Louis defeated pennant-bound Milwaukee 5-3 and the Chicago Cubs beat Philadelphia 6-2.

The Tigers got the clincher the night they beat 21-game winner Bob Taylor with the help of lead-swinger Ryno B. Crisler, whose fifth and sixth homers counted their first three runs.

Jim Bunning (13-10), last year's 20-game winner, gave up a third-inning, two-run homer by Mickey Mantle, his 41st.

Williams lost ground to Boston teammate Pete Runnels in the bat race. Both homered in the opener, but Runnels pushed his leading average to .322 with 4-for-8 in the pair.

Williams, sitting out the second game, was 2-for-4 for a second-best 210. Kansas City's Bob Cavan was 2-for-8, tying Cleveland's Vic Power and Detroit's injured Harvey Kuenn for third at .315.

Harry Chitt's grand slam won the opener for the A's and Ray Herbert (8-7) against Ike Delock (12-8), who has lost five straight. Rookie Bill Monbouquette at (3-4) won the nightcap as the Red Sox ended an eight-game slump on homers by Bill Renna, Don Budin and Frank Malone off Ned Garver (12-11).

## Damp Forecast for Porker-Bear Game

LITTLE ROCK (AP)—The weatherman issued a damp forecast today for the 24,000-plus fans who will watch Arkansas play Baylor Saturday night in sold-out War Memorial Stadium here.

Partly cloudy to cloudy with occasional showers or thundershowers, he said with a grim smile, remembering last year when the Razorback-Texas Christian opener was visited by a deluge.

Temperatures in the low 70s and southwesterly winds of 8-12 miles per hour are predicted for the 8 p.m. kickoff time.

## Little Rock Grid Teams Can Play

LITTLE ROCK (AP)—Football and other extra-curricular activities were reinstated at high schools here yesterday even though the classrooms are closed.

The Little Rock School Board countermanded its short-lived directive suspending the activities after Gov. O. E. Faubus told it the decision is yours and it is your responsibility.

After Faubus closed the schools by proclamation as an anti-integration move, the school board said football, band and glee club activities also would be dropped.

This drew criticism from the governor and the board then asked him to specify which activities he intended his proclamation to cover.

Faubus' reply tossed the matter back to the board.

He said: "You permitted football practice and games to be played when school was not in session. That was your arrangement and you were the ones who stopped it. The schools were closed by your order when football games were played last week—the decision is yours and it is your responsibility."

Central and Jall High School football games will be played this weekend as scheduled.

Virgil Blossom, superintendent of Little Rock Schools, denied that Faubus had forced the school board to reinstate the activities.

He said, "He clarified the situation for us."

Earlier Blossom said there was no feud between the school board and the governor.

However, Faubus frequently has criticized the board, charging that it is "working for integration."

## Card Manager Fired, They Beat Braves

By ED WILKS  
Associated Press Sports Writer

The St. Louis Cardinals, without a manager and with only a slim hope for a fourth place finish, are back at the old stand—making life a bit tougher than it should be for the Milwaukee Braves.

It was in 1956 that the Cardinals, settled in fourth, knocked the Braves out of the National League pennant. Last season, when the Braves thought they had it all locked up, they had to put on another drive to knock-off the second place Cardinals, who had closed within two games.

Wednesday night, hours after Fred Hutchinson was fired officially as field boss, the Cards took the Braves 5-3, knocking off 20-game winner Warren Spahn, a longtime nemesis, to boot. That delayed the Braves' run to a second consecutive flag. Their magic number still is three over second place Pittsburgh.

The Chicago Cubs lost Los Angeles for each by beating Philadelphia 6-2 in the only other NL game scheduled. It was held to seven innings by rain.

In the American League, Detroit again beat the champion New York Yankees, 5-2. Boston split a double-header at Kansas City, winning 4-2 after a 6-3 defeat.

Gene Green drove in two runs, with his 12th homer and a triple for the Cards, who came off with a 3-2 win.

to be terms the Philadelphia Phillies want for him. At second base for the Phillies, he has been one of the few live wires on that team.

Eddie Stanky, now a coach with the Cleveland Indians, will be with the Cardinals next year. He'll act as a "baseball brain" with a final say on trades, bonus players and rookies.

Favored for a pitching coach is Eddie Lopat. Next in line is Sal Melella. The Cardinals would have to obtain a release of Lopat from the New York Yankees, whose Richmond farm he manages. He has been with the Cardinals since 1954.

Hutchinson won't be out of a job very long if he doesn't want to be. Wednesday night he attended the Cardinals game against the Milwaukee Braves, which the Cards won 5-3, with Dewey Soriano, general manager of the Seattle Pilgrims, a long-time friend of Hutchinson's, said. "I've made Hutch a good offer, but he'll have a hard time turning it down."

The new coaching staff will probably include Johnny Neenan, new manager of the Cardinals' farm club at Omaha, and Harry Walker, with the Cardinals' Houston club.

The Cardinals are willing to pay with a large amount of cash for Hutch, a 289 hitter at 34 years old, but the Phillies reportedly want 10 players also. He would be the fourth St. Louis manager in five years.

## Union to End Picketing of L. R. Base

LITTLE ROCK (AP)—A bricklayers' union spokesman said last night picket lines at the Little Rock Air Force Base housing project have been withdrawn, effective today.

In another development in labor troubles that have halted the 20 million dollar project for four days, the masonry contractor for the job asked to be relieved of his contract.

Don F. Gools, secretary of Bricklayers Local 1 said he had withdrawn pickets from the project, effective this morning. His union was involved in one of two labor disputes at the project. Gools disputed to say whether the bricklayers' trouble had been settled.

The masonry contractor, Gary H. Reid of Dallas, Tex., filed suit yesterday in federal District Court here asking to be relieved of obligations to complete his \$140,550 contract.

Reid charged the Miles Construction Co., general contractor on the project, had not lived up to certain agreements, and asked for a declaratory judgment against Miles. He further charged that the bricklayers' union "has attempted to slow down" his company and a 3-9 record against Spahn for the season. Larry Jackson (13-12) was the winner with Jim Rossman's tie in the ninth.

Stan Hack, fired as a coach in the St. Louis house cleaning, agreed to direct the Cards for the rest of the season. The Cards' front office refused to name a manager for next year—likely ex-infielder Solly Hutch, now with the Phillies to replace Hutch who was the fifth to get the gate this season in the majors.

Rookie, Bob Anderson (13-1) beat the Phils with a five-hitter and held batting leader Richie Ashburn hitless in two at-bats, dropping his average to .142 for a double edge over the Cards' leading slugger, Stan Musial (13-14), once a leader of the year and a double jack, who had a 47-40 honor to Ernie Banks, the 47-40

## Students Are Concerned at Little Rock

By ADREN GOOPER  
AND  
CLIFTON WELLS

LITTLE ROCK (AP)—For the kids, it's no holiday, and certainly not for the parents.

The proclamation that closed four high schools has not clogged the streets with boisterous teenagers; most of them remain at home, waiting and wondering.

Sure, it's an extension of summer vacation, but the youngsters talk in terms of how soon they can resume their education—and they speak in restrained, serious tones.

Most concerned are students only one or two years away from a diploma.

"I just can't believe it's happening," said Mrs. Weldon Wallace, mother of 17-year-old Bob Wallace, a senior at Central High.

It seems superfluous to say that the great majority of students and parents are opposed to racially integrated schools—and the only choice now seems to be between integration and private schools.

Mrs. Wallace, a nurse, said: "He did want to finish at Central, but he heard that the school might not be accredited and it has upset him quite a bit. He just wants to go to college and he might have to go to Phoenix (Ariz.) and live with my folks. Maybe I'll go with him and work out there—we've made no definite plans."

Bob normally works after school and during the summer at a grocery store and he is continuing his job for the present.

Would he attend Central if classes are continued with Negroes and whites in the classrooms?

"He told me that he would go back to Central," Mrs. Wallace said. "He told me that he could cope with the situation, although the crowds outside bothered him some last year."

Only a small percentage of students have made definite plans for transfers. In most cases, there is no place to go. A few plan to attend Little Rock Central will return to the rural schools.

Supt. Virgil Blossom said that out of 2,071 students enrolled at Central, only 54 had requested transcripts of the grades (indicating a transfer) and only 44 had done so among the 731 enrolled at Hall High. There apparently have been no transfers from among the 179 at Tech High, or the 717 at Horace Mann high school.

Some of the students expressed confidence in Gov. Orval E. Faubus' ability to solve the dilemma.

He said he would go to college and he might have to go to Phoenix (Ariz.) and live with my folks. Maybe I'll go with him and work out there—we've made no definite plans."

## Buick's New Styling Is Sleek And Low

Sleek and low describes Buick's new styling for 1959. The model shown is the luxurious two-door Electra hardtop which measures less than 55 inches in height yet retains approximately the same headroom as last year's Buick. The "delta-wing" styling of the rear fenders that flare out to a point, and twin headlights that are set on an angle give the new Buick a look that is light and jaunty. Compound windshields that curve back into the roof and eliminate wind noise are a feature on all 1959 Buicks. The Electra is powered by a 401-cubic inch V-8 engine with 10.5-to-1 compression ratio. Twin turbine Dynaflow and power steering are standard on all models in the Electra series.

ma, and, in the meantime, they're just waiting.

"It's awful dull," said Judy Green, a senior at Hall. "No football, no nothing."

Judy, daughter of Little Rock furrier Milton Green, and some of her classmates have been investigating an offer by Hendrix College of Conway, Ark., to admit some seniors whose grades are good and who have a few extra credits on their records.

Judy's mother was pessimistic about this prospect and said she was considering sending Judy to live with relatives in Houston, Tex.

"I didn't get very worked up about it until this week," said Mrs. Green. "I thought they would open them by this week. But even if the schools open there's going to be trouble. It can't be right."

Fred Dunaway, 19, a senior, said: "I have been working most of the time I plan to wait and see what the governor does—I'm with him."

Since there is no place else to go, I suppose I'll go back to Central," said Martha Sue Dillbeck, a 16-year-old junior and daughter of city detective John C. Dillbeck. Seventeen-year-old Eliza-

beth Dolan, daughter of Mr. and Mrs. Dallas Dolan, said she was studying and working on her typing and is scheduled to start to work "in a day or two." A junior at Central, Elizabeth said she wouldn't return to the school if it remains integrated, adding:

"I won't go through that again, please say that I'm not against Negroes—just against the nine at Central—and those others who are trying to interfere."

"My children are rather restless," said Mrs. Harold S. Bovee. "They are very anxious to get back to school."

Her son, David, is a senior, and her daughter, Mary Margaret, a junior at Hall.

### Negro Jailed for Unlawful Flight

LITTLE ROCK (AP)—The FBI today announced the arrest of an Osceola Negro on charges of unlawful flight to avoid prosecution in Missouri.

J. J. Casper, special agent in charge of the FBI office here, said Andrew Smith, 38, an unemployed laborer, was arrested in Osceola yesterday by FBI agents and city and county police.

Smith is charged with assault with a deadly weapon in connection with an attack on Willie Mae Van at Charleston, Mo., June 10, Casper said.

### President Plans Two Conferences

NEWPORT, R.I. (AP)—President Eisenhower will hold separate conferences at the summer White House tomorrow with Secretary of Defense Neil McElroy and Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff.

In announcing the conference plans, presidential press secretary James C. Hangerly told newsmen

no emergency prompts the McElroy-Twining visit.

Hangerly noted that both ordinarily confer with the President at least every two or three weeks. Hangerly said he does not expect that either McElroy or Twining will hold news conferences here.

Louisiana has nearly 5,000 miles of navigable waterways.

The United States imported 2,900 long tons of pig tin in January of 1953, 1,295 long tons being from Malaya.

## New Buicks to Show Here on Friday

FLINT, Mich. — Buick today introduced its 1959 cars, featuring completely new styling described by General Manager Edward T. Ragsdale as "a whole new concept in automotive design."

The entire line of 17 models show a lavish use of glass with huge compound windshields that curve back into the roof, eliminating wind noise when the car is in motion. Four-door hardtops feature a giant curved glass "picture window" in the rear.

All models are lower and wider than last year and all series have been given new names.

"We have created a styling that is entirely new in its concept," said Ragsdale, who is a vice president of General Motors. "We have broken completely with the past and have created for Buick a light fleet, jaunty look that is rich in simplicity and classic in design."

The new cars will go on display at Keedy Buick Co. this Friday.

The 1959 Buicks come in three series: LeSabre, the lowest-priced in the line; Invicta, the outstanding performer; and Electra, the luxury series.

### One Youth Killed as Car Overtakes

NEWPORT, Ark. (AP)—An automobile carrying five teenagers overturned in a ditch near here last night, killing one of the occupants. Three others remain hospitalized with injuries today.

Wayne Huckabee, 16, of Beedeville died in a Newport hospital about four hours after the crash. Those hospitalized were the dead youth's sister, Neva Kay, 18; Carol Williams, 16, of Beedeville; and Jim Pugh, 16, of McCrory. Pugh's brother Don, about 17, was treated and released.

Attendants said today these still undergoing treatment were in satisfactory condition.

Sgt. Trooper Don Wilcox said the driver, Jim Pugh, apparently lost control of the car on a curve near the Village Creek bridge on State Highway 14, about three miles southeast of here. The automobile was demolished when it ran into a ditch and overturned, the trooper said.

## Adams Case Is Strangest in Many Years

By MARVIN L. ARROWSMITH

NEWPORT, N.J. (AP)—Whether Sherman Adams quits or stays, it's one of the strangest cases in a long time—packed with drama.

As was the case 10 days ago right after the Republican political disaster in the Maine elections, no one close to President Eisenhower at the summer White House would bet that Adams will weather the storm and continue as Eisenhower's chief aide.

Those in the inner circle insist they just don't know. What is more, they insist that Eisenhower himself doesn't know—simply because, they say, Adams hasn't

talked with Eisenhower today.

## ON DISPLAY TOMORROW, BUICK '59

# THE CAR

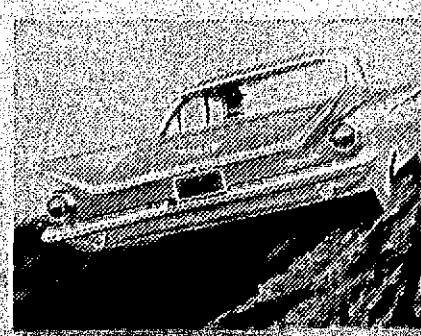

Here it is . . . and now you know! Know why we have called this *THE CAR*. Know that a new generation of great Buicks is truly now here. From just this one view you can see that here is not just new design . . . but splendidly right design for this day and age. A car that is lean and clean and stunningly low . . . and at the same time great in headroom and legroom, easy to get into or out of. And when you see your Buick dealer and walk the whole wonderful

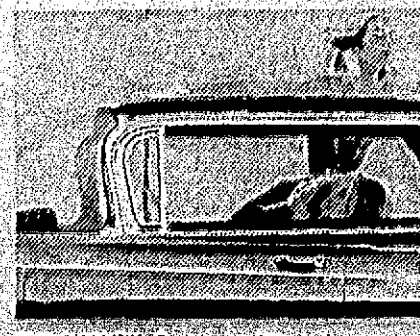

way around this Buick, you'll know still more how right all this is. From anywhere you look, here is a classic modern concept that is Buick speaking a new language of today. A language of fine cars priced within the reach of almost anyone. A language of quality and comfort and quiet pride of ownership. And when you see your quality Buick dealer and get behind the wheel, the car will speak to you in a language of performance satisfactions without equal.

**THE LOOK.** A clean, lean, new kind of fine car look. The look of the best-engineered, best-manufactured Buick ever built . . . and the most excitingly beautiful design in Buick's nearly 60 proud years.

**THE ACTION.** Get the feel of thrifty new Wildcat engines. New Equipoise ride. New No-cooled rear brakes and aluminum front brakes. New Twin-turbine and Triple-turbine transmissions.

**THE QUALITY.** Buick quality to the core, new super-quiet bodies by Fisher. New Magic-Mirror finish retains its beauty longer. New interior decor throughout. Safety-Plate Glass everywhere. Magnificent new quietness, new comfort, the feel of fine-car quality everywhere! Yours to savor—years to savor—the magnificent new Buick for 1959.

80 optional at extra cost on certain models.

## Negroes Protest Negro Schools

NEW YORK (AP) — A small group of Negro parents protesting their children's assignment to heavily Negro schools in Harlem have appealed to state officials for intervention.

The parents of the nine seventh graders involved have refused to send their children to the schools, which are almost entirely Negro. They want them assigned to better-integrated schools outside the Harlem area where they contend, provide better educational programs.

There is no intended racial segregation in New York City schools. But neighborhood racial patterns made up mostly of one race or sometimes create student bodies of the other.

In a telegram to State Commissioner of Education James Allen Jr., the parents' attorney asked for a hearing on the dispute and a state investigation of conditions in Harlem schools.

The attorney, Paul B. Zuber, said that forcing parents to send their children to schools where they allegedly would receive unequal educational opportunities is a violation of their rights.
